# SERVICES

## WIRE HARNESS & CABLE ASSEMBLY

We offer high to low volume cable assemblies. Highly skilled workforce, engineering team and quality assurance to complete the task at hand. Outsourcing your wire harnesses is simple, flexible, convenient and cost effective.

- Wiring loom
- Heavy duty cable assembly
- High voltage cable assembly
- Over molding
- Tinning and soldering

# SERVICES

## CONTRACT MANUFACTURING

We believe in long-term business relationships. We work hard to insure the continuing success of our customers. IMA offers many additional services to satisfy your production goals such as:

- **Sorting**
- **Rework**
- **Electromechanical assemblies**
- **Electrical control panel assembly**
- **Labor intensive assemblies**

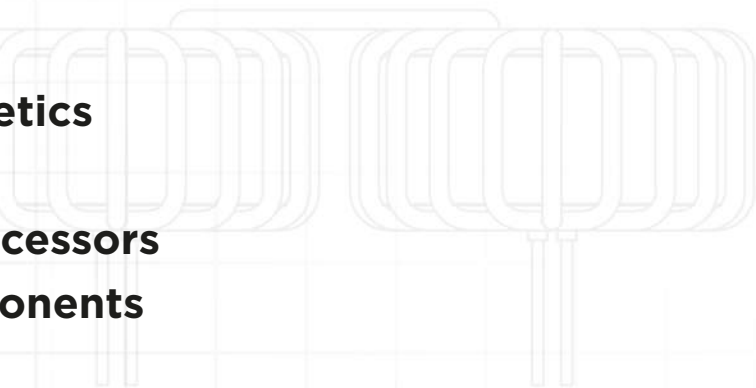

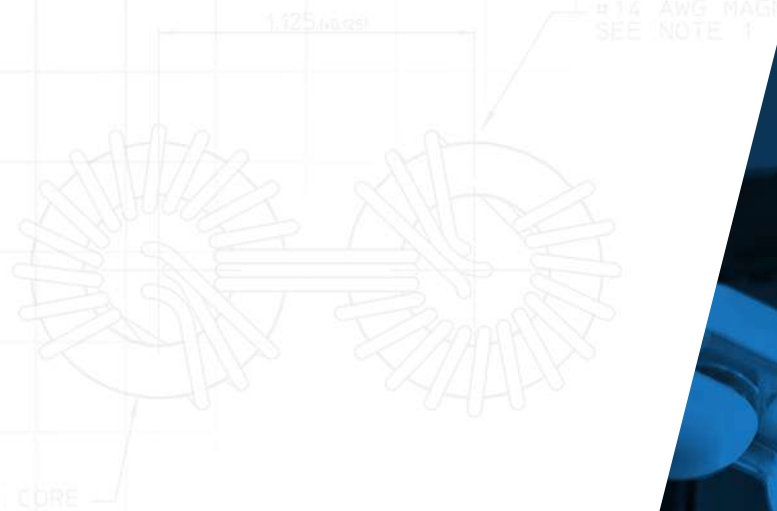

# SERVICES

## MAGNETICS

We count with a vast experience manufacturing high quality magnetics for some of the biggest companies in this industry.

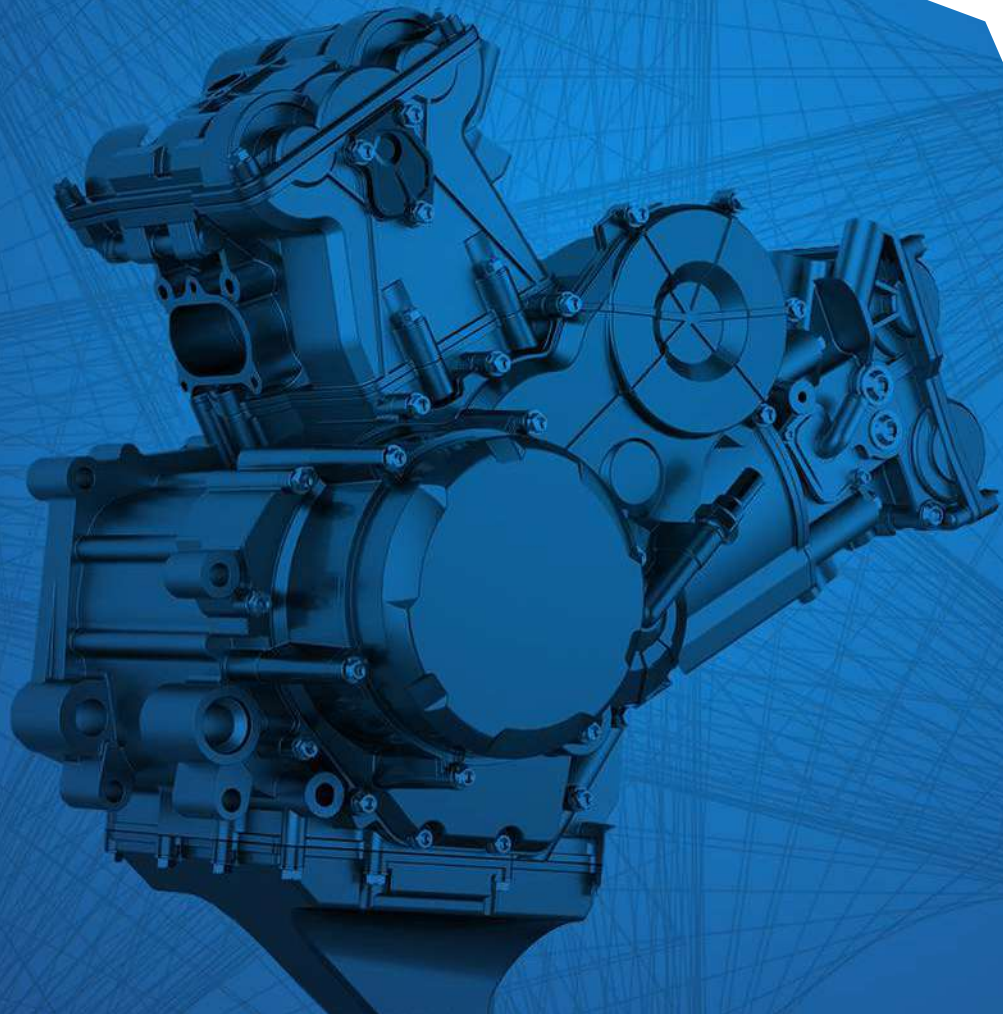

Some of our services include:

- Toroid assemblies
- Encapsulated magnetics
- Inductors & chokes
- Packaging microprocessors
- Tape & reel of components

# SERVICES

## ENGINEERING SERVICES

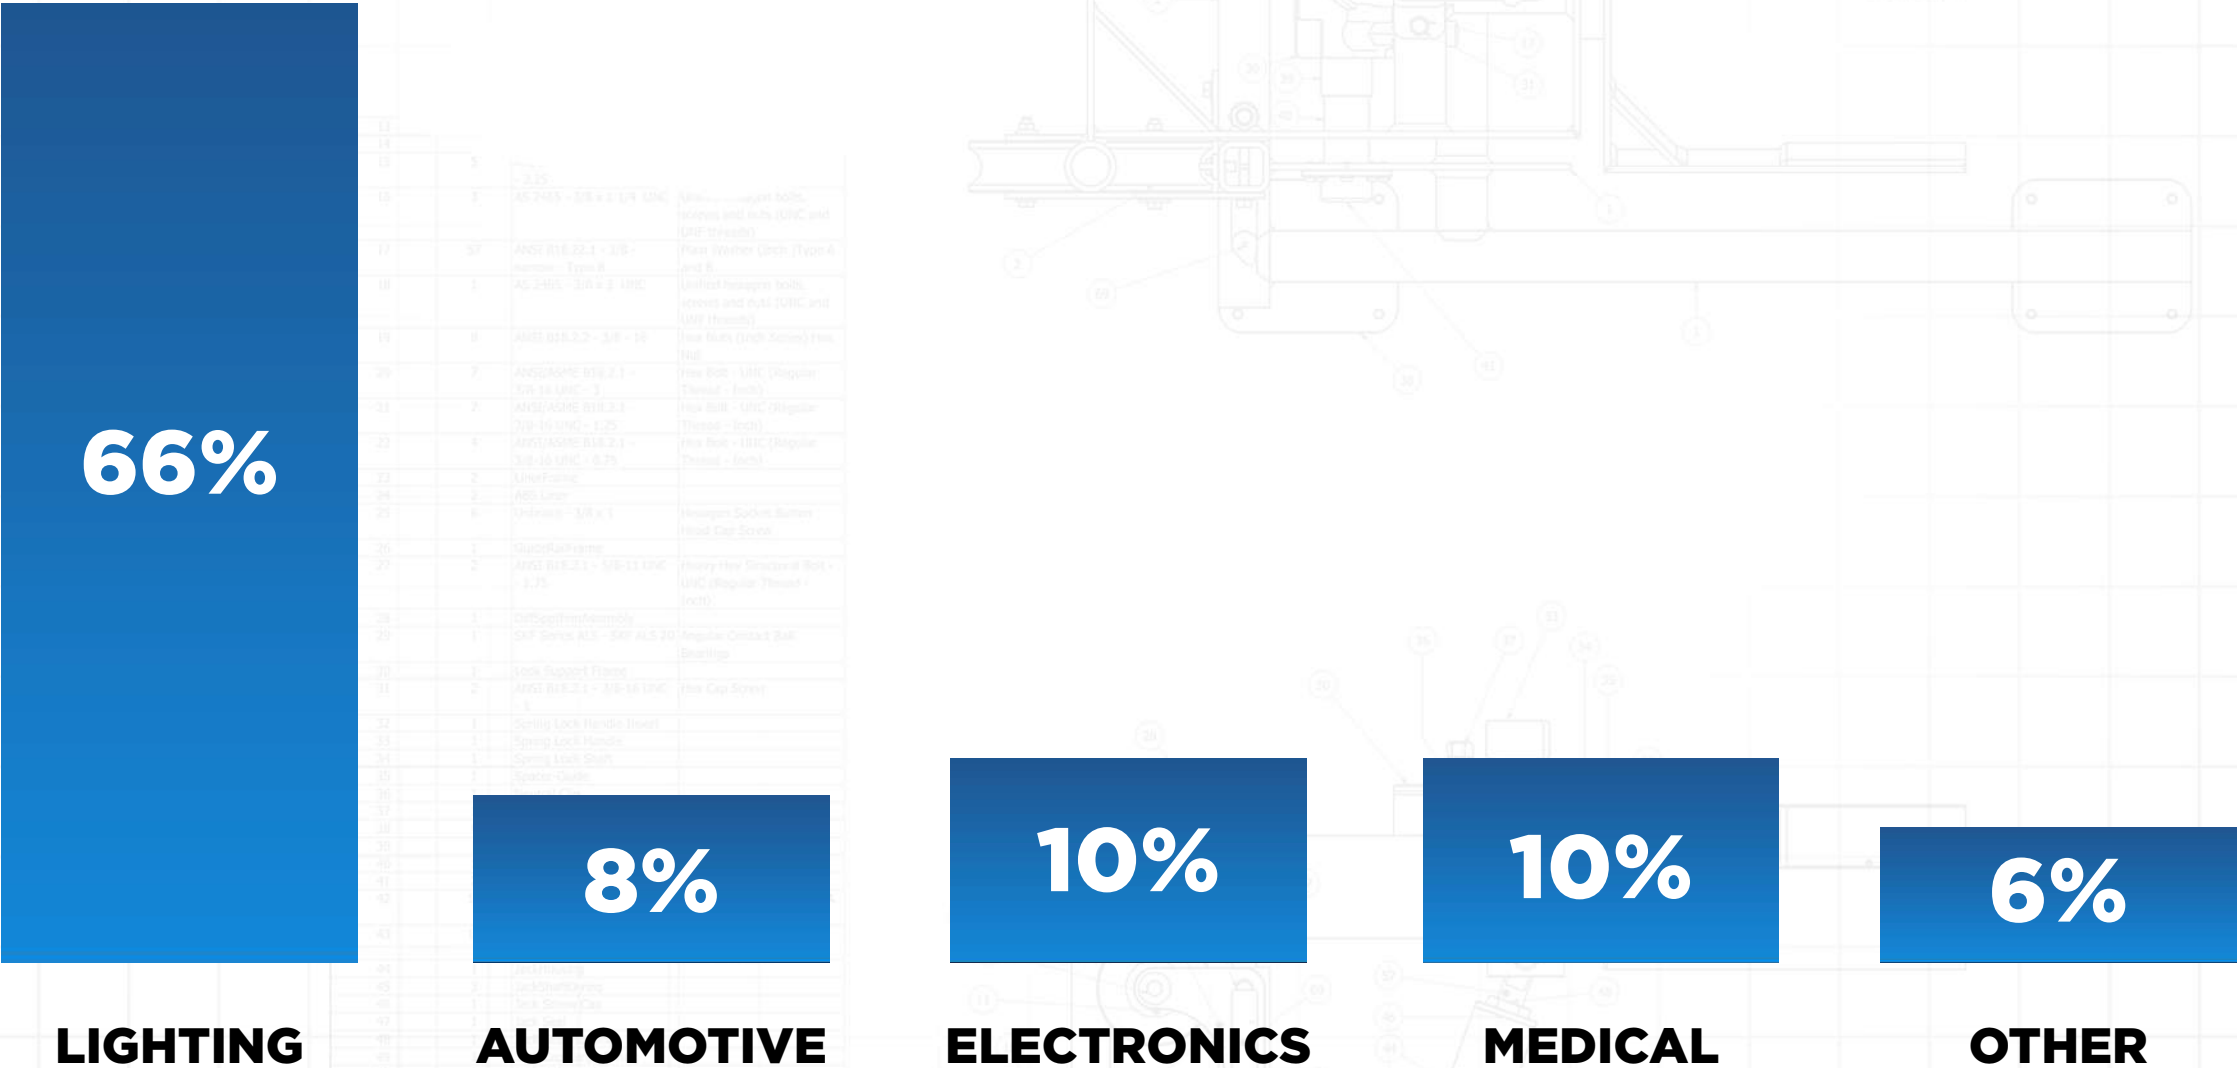

Our engineering team provide tailored answers to complex problems reached through a very careful and extensive planning process.

We combine the talent and the experience of our design team with over 20 years of manufacturing experience to provide best in-class solutions to engineering/manufacturing organizations in industries such as automotive, electronics, medical, and more.

- **CAD/CAM design and reverse engineering**
- **CNC, 3D printing and 3D scanning**
- **Drafting services**
- **Prototype design and assembly**

# SALES

## SALES BY INDUSTRY

# CAPABILITIES

## OUR FACILITIES

22,000 square foot with high quality equipment, including:

- Wire cutting, stripping and semi-automatic crimping machines
- Hand crimping tools
- Solder pots and irons
- Shrinking tube equipment
- Power electricity 110/220 VAC
- Compressed air (clean & dry)
- pull tester
- CIRRIS continuity testing machine
- Over-molding machine

# CAPABILITIES

## WAREHOUSE

Spacious, organized and fully equipped.  
+3,500 sq/ft of space for kanban production,  
safe and reliable.

### External broker service:

- 7,000 sq/ft warehouse
- NAFTA compliance
- Real time tracking system that allows you to follow your customs clearance status online

# SUPPORT TEAMS

---

## ACCOUNTING & FINANCING

Credit lines open to support our operations and to ensure our financial stability.

## IT

Connecting every operation under one powerful ERP, Microsoft dynamics. Ability to write customized code for software development and invent custom equipment.

## PURCHASING

Sourcing 3000+ components from 300+ suppliers from USA, Mexico, Asia and the Middle East.

## QUALITY

Maintain every process under quality check.  
Continuous improvement.

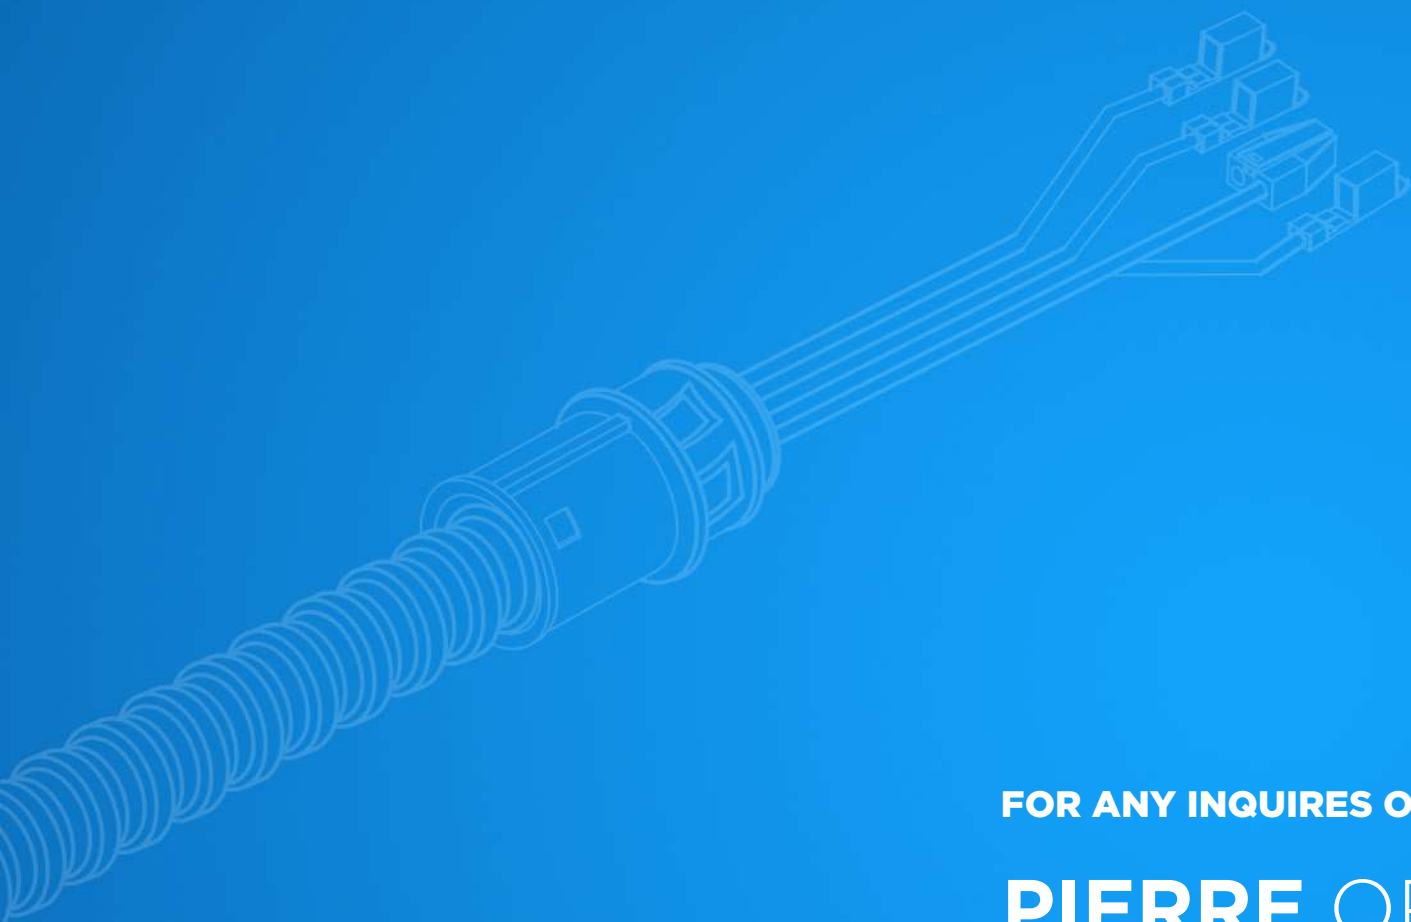

# CLIENTS

## OUR CLIENTS

Some of the industries we currently serve are:  
Automotive, Medical, Electronic, Lighting and Construction.
